Dear Ms. Johnson:

As required by the Code of Federal Regulation, Title 40 Part 141, Section 90(e)(4), the District of Columbia Water and Sewer Authority (DCWASA) is submitting written documentation to report the results of the samples collected following partial lead services replacement. Attempts were made to sample all addresses. However, 209 residents have not yet opted to participate in the sampling program or have not yet provided samples to be tested. During the month of August, DCWASA received the results for 87 partial replacements. Enclosed is, *Partial Replacements Sampling Results for August 2004*.
